Reinvesting for the Future
In 1921, when members of the Russell family first donated land in memory of a young girl named Dorothy Love, little did they know the impact of their investment, not only on the small town of Sidney, but later on the entire state of Ohio.

From these humble beginnings, OPRS has embraced its mission of providing quality care and services to older adults. As we continued this commitment in fiscal year 2014, we made significant reinvestments in our campuses, our services and our local communities.

Whether through development of a skilled nursing and rehabilitation center in Wilmington, renovation of existing campuses including the addition of state-of-the-art rehabilitation centers in Cincinnati and Akron, or new independent living residences in Willoughby and Columbus, OPRS is dedicated to expanding services toward the fulfillment of our mission. This past year alone, OPRS initiated growth by infusing more than $85 million into our 11 campuses!

Our growth strategies and mission fulfillment continue to expand beyond our campus communities through Senior Independence. To that end, OPRS significantly reinvested in Senior Independence this past year with the conversion to a new electronic medical record system and the introduction of a 24/7 central intake call center. These changes allow us to more efficiently and effectively provide access to care for those requiring home health, hospice and home care services. OPRS also invested resources in the Toledo area by developing the Home to Stay Program in partnership with a local physician-based Accountable Care Organization.

OPRS’ ability to reinvest for the future is also fueled by the exceptional performance of the OPRS Foundation. This year alone, the Foundation generated more than $10 million in contributions and grew the company’s total assets to an all-time high of more than $74 million. Not to be outdone by its own performance, the Foundation also began a new statewide fundraising initiative as well as a campaign for the Mahoning Valley Lifelong Learning Institute – projects that will serve the organization for years to come.

It is through these investments and more that OPRS can grow well into the future and further support its mission throughout Ohio.
The seven elements of an effective Ethics and Compliance (E&C) program, and how OPRS complies in each.

1. **Written Compliance Guidance**
   - Code of conduct
   - Compliance policies and procedures
   - Annual review and updating

2. **High-Level Oversight & Support**
   - Compliance & HIPAA Privacy Officer who reports to the CEO and Board
   - E&C Committee — senior leaders who review and advise program
   - Board Committee — meets with both Ethics & Compliance Officers quarterly and in executive session

3. **Effective Training & Education**
   - Compliance training for new employees
   - Annual compliance training for all employees
   - Specialized training
   - Board training

OPRS has built a solid reputation as a company committed to the highest ethical and regulatory standards. Looking ahead to the future, OPRS has made it a priority to further enhance its commitment to ethics and compliance efforts by dedicating a full-time resource as the Compliance and HIPAA Privacy Officer.

The organization promotes a culture of respectful, ethical and compliant behaviors which support our shared beliefs. This enables the organization to continue to provide high standards of care for future generations of clients and residents. Caring with integrity and respect has served and will continue to serve as our foundation for all business conduct.
At OPRS, we see ethics and compliance as mile-posts along the Integrity Highway. Our Ethics and Compliance Program is founded on the knowledge that OPRS employees have the highest standards of ethics and integrity. We know that by adhering to these standards, our employees are carrying on the tradition of ethics that is founded in OPRS values. By behaving ethically, we are also complying with the many laws and regulations that govern our work. These laws and regulations are meant to protect the public, the employees, and the organization. By following these rules, we are also helping to foster and maintain the continued health and reputation of the organization we all care about.

We want to know the ways that you live ethics and compliance in your work. They could be small things that you do every day, or practices you have established to make sure things are done right. Maybe you check the copy machine before leaving for the day in case a resident’s protected health information was left there by mistake. Perhaps you double check all of your chart entries before putting the file away, while the information is still fresh in your mind, to verify that all services were documented properly and have the necessary signatures. Or maybe you talk with your supervisor if you notice that a procedure isn’t being followed or that the process could be improved.

Please take a few moments to tell us about your own ethical practices and nominate yourself or others on page 4.

OPRS continues to work hard to promote compliance education throughout the organization. The core belief is that OPRS employees should behave in an ethical and compliant way, and are encouraged to share ethical and compliance-related concerns. Doing so results in improved processes and services for our clients and residents.

Ethics and compliance is a basis we use to guide us in making decisions that support our continued commitment to superior morals and high standards of care.
In November 2013, OPRS completed a $75 million financing that included $50 million from a public bond offering and $25 million from a direct placement borrowing. These transactions provided the necessary funds to construct the following growth initiatives at three of our local campuses:

- **Breckenridge Village** – The Reserve at Grace Woods is a 32 apartment, brownstone residence offering luxurious independent living in Willoughby.

- **Rockynol** – A new 64 apartment, assisted living building will bring contemporary living and services to the greater Akron community. This new project will serve as a replacement to the current assisted living accommodations.

- **Westminster Thurber Community** – Goodale Landing is a 68 apartment, mid-rise building that will bring a new level of luxury living to downtown Columbus.
Another way OPRS strengthens and lives out its mission is through its passionate dedication to social accountability – the community benefit that is provided above and beyond the services that are paid for. Over the course of this fiscal year, $18,814,589 was given back in total community benefit. The highlights and stories of OPRS’ social accountability can be found in a separate report, which is a companion piece to this annual report.

**Back Row**
Fiscal year 2014 saw significant reinvestment for several of our communities through new projects or existing campus expansions.

**Rehabilitation Centers**

Cape May Retirement Village, Wilmington, opened the new Rehab Suites and Health Care Center on its campus. This addition accommodates 30 guests in spacious private suites and semi-private rooms that include in-room showers. Cape May’s chefs prepare cooked-to-order meals available in the restaurant or delivered to a guest’s suite upon request. The center’s dynamic therapy gym includes advanced equipment as well as a modern kitchen and bathroom for guests to practice daily tasks with occupational therapists. Expertly trained, certified therapists and staff work with guests on speech, mobility and other daily tasks. Cape May residents and staff, as well as members of the greater Wilmington community, were excited when Cape May was able to admit its first residents in June. This new center will allow Cape May to provide needed skilled nursing services to the residents of Cape May and to provide short term rehabilitation services to individuals from the greater community.

Llanfair Retirement Community, Cincinnati, celebrated the grand opening of its new skilled rehabilitation center focusing on a culture of resiliency. Guests in need of short term rehabilitation work directly with trained therapy professionals to regain their independence and return home as quickly as possible. Llanfair’s new rehab center features a therapy gym with state-of-the-art equipment, 20 private rehab studios and a private dining room with an extensive a la carte menu, cooked-to-order dining and tableside ordering.

Rockynol, Akron, broke ground in June on a major expansion to its Ledges health care and rehabilitation center, scheduled for completion in the fall of 2015. The new space will accommodate 81 short- and long-term guests in spacious private suites and semi-private rooms.

The expansion also includes advanced therapy resources, rehabilitation and disease management programs and comprehensive kitchen enhancements that will include cooked-to-order meal services and full-service, restaurant style dining.

**Independent Living**

Construction began in February on Goodale Landing, a new 68 apartment, independent living building on the Westminster-Thurber campus. The new apartments complement the existing Thurber Tower apartments, providing larger floor plans with scenic views of downtown Columbus and the adjacent Arena District. The project is planned for completion in late fall 2015.

The initial phase of renovations was completed to the Larchwood Apartments at Llanfair Retirement Community, providing a new main street look to the lobby and common areas.

In July, Breckenridge Village, Willoughby, celebrated the opening of the Landing at Grace Woods, and began taking reservations for the Reserve which will be the fourth and final building on its campus. The Reserve, which will be connected to the River’s Edge building, began construction in August 2014.

In addition, new independent living residential homes were also added at Mount Pleasant Retirement Village, Monroe and The Vineyard on Catawba, Port Clinton in 2014.

**Other Property and Renovation Needs**

Beyond major new projects, OPRS reinvested over $11.5 million (including $9.925 million in general capital expenditures) into its existing property and equipment renovation and replacement needs in fiscal year 2014, allowing OPRS retirement communities to be competitive and maintain strong occupancy levels.

Deficiency-free surveys
Three communities received deficiency-free surveys after annual inspections by the Ohio Department of Health in fiscal year 2014.

Llanfair received a deficiency-free survey for its skilled nursing center.

Breckenridge Village’s Nason Center assisted living and special care programs earned a perfect state survey for the second year in a row.

The Chalet at The Vineyard on Catawba also achieved a perfect survey.

U.S. News rates OPRS health centers in America’s best
Five-star ratings in U.S. News & World Report’s “Best Nursing Homes of 2014” were earned by three OPRS Communities.

The Living Center at Llanfair Retirement Community, the Health Care Center at Mount Pleasant Retirement Village and the Health Care Center at Swan Creek Retirement Village were recognized among the nation’s finest based on health inspections, nurse staffing and quality of care. Swan Creek’s Health Care Center has earned this same five-star ranking every year since 2010. This is Llanfair’s second consecutive year earning this rating.

U.S. News ranked more than 15,000 nursing homes for the study – only 21 percent of Ohio’s homes received the same five-star rating as OPRS’ centers.

Two OPRS communities top Ohio Department of Aging satisfaction surveys
A survey conducted for the Ohio Department of Aging from August 2013 to January 2014 rated resident satisfaction in the community in which they lived for its environment, activities, administration, staff, laundry, meals and dining, social services and therapy, and overall satisfaction.

The resident satisfaction surveys ranked Dorothy Love Retirement Community seventh on the “Top 25 Ohio Nursing Homes” list and the Chalet at the Vineyard on Catawba as sixteenth on the “Top 25 Residential Care Facilities.”

Taking care of those in the place they call home.
Northwest Ohio Accountable Care Organization

Last year, Senior Independence (SI) was pleased to announce an exclusive partnership with the Northwest Ohio Accountable Care Organization (Northwest Ohio ACO) – a joint venture between the Toledo Clinic and the University of Toledo Physicians. A transitional care program called Home to Stay (HTS) was created by SI to provide home health services to the Northwest Ohio ACO’s more than 11,000 beneficiaries. SI is proud of how this program has positively impacted those people.

Of the 346 beneficiaries that accepted the HTS program, only 11 were later re-admitted to the hospital. This reflects a hospital re-admission rate of only 3.2 percent compared to a regional average of 20 percent!

On a national scale, The Centers for Medicare and Medicaid Services (CMS) announced that ACO pilot programs saved over $380 million in just the first year compared to an expectation of $800 million over a ten-year period. By proactively shifting organizational risk to benefit the greater community, SI has been able to implement a successful business model that has not only drastically reduced the hospital readmission rate, but also realized a return on investment of 142 percent. SI is proud of these results and looks forward to the continued success of the relationship with the Northwest Ohio ACO.

Expansion in Greater Toledo Region

In April, SI acquired an existing home health agency in northwest Ohio for the purpose of expanding post-hospital solutions for adults throughout the metro Toledo and Southeastern Michigan regions. The goal in providing these services and support is to help adults remain as independent as possible in the place they call home.
In order to improve client access to services and resources throughout the state, Senior Independence introduced a centralized intake call center in January 2014. Located at the OPRS corporate office, call center staff is available 24 hours a day, seven days a week. Along with the opening of the new call center, a single toll-free number was established for all referral sources, clients and families.

493,776 total units of service

- 189,455 home care visits
- 129,600 home health visits
- 98,550 hospice days
- 49,600 adult day center days
- 26,571 transportation trips

900+ referrals
The Senior Independence Mission is to extend and enhance the independence and well being of adults and build the capability of family members, communities and organizations to care for them at home.

Homecare Homebase
SI invested significant resources in a new electronic medical record system, Homecare Homebase (HCHB). The system conversion spanned seven months and now poises the organization for technological success well into the future. The HCHB system not only responds to current operational needs, but also identifies future regulatory requirements based on the ever-changing healthcare environment.

What does this transition mean to new and existing SI clients? HCHB automates all business processes and allows seamless, real-time communication between the office, field staff, clients, family members and physicians. Additionally, staff caregivers are provided with electronic tablets that improve the accuracy of medical charting.
Donors Grow the Mission

Our mission is to partner with donors to provide charitable support for the people, projects and programs of OPRS.

Regardless of the designation, every dollar helps OPRS to grow the reach of its mission for the residents and clients it serves. Whether expanding amenities, sustaining current programs or supporting new endeavors, charitable gifts reinforce that our simple mission of service remains relevant in our complex world.

Collaboration at this level between donors and OPRS reflects the alignment of our mission with donor values, and demonstrates their trust in our ability to create results.

$10,241,486 was raised, which is 36 percent higher than fiscal year 2013 performance and 21 percent higher than the fiscal year 2014 budget. Three living residents made gifts of $1 million or more, a first!

Total assets rose to more than $74 million, a 15 percent increase over fiscal year 2013 and an all-time high. Investment performance continues to be strong at 14.24 percent.

Senior Independence received nearly $740,000 in gifts, which is 26 percent higher than budgeted performance and nearly seven percent more than was raised in fiscal year 2013.

The campaign for the Mahoning Valley Lifelong Learning Institute has surpassed 80 percent of its goal, with completion scheduled during fiscal year 2015. Additionally, the Leadership Phase of a campaign for spiritual life at Lake Vista has begun, as well as a feasibility study at Dorothy Love for a therapy pool.

A statewide task force was convened to study relationships and networks between our numerous locations and the external community. Further work on this initiative will determine if opportunities exist for fundraising at a statewide level.

Grant funding remained strong, providing nearly $718,000. This support includes a highly competitive grant award from the Cardinal Health Foundation for the Home to Stay program in Senior Independence’s Greater Toledo region. Government agencies also supported the OPRS mission in several ways through funding from the Ohio Department of Transportation for light transit vehicles; the Ohio Department of Education for food reimbursement at adult day centers; and two area agencies on aging for transportation and personal care.

Thank You

We gratefully acknowledge our donors for their support and generosity. Every effort has been made to accurately recognize our donors. If any errors have occurred, please accept our sincere apology and contact the OPRS Foundation with any corrections at 614.888.7800 or 1.800.686.7800.
We Believe In...

Our Mission is to provide older adults with caring and quality services toward the enhancement of physical, mental and spiritual well-being consistent with the Christian Gospel.

High quality and caring service is our most valuable asset. We strive to make excellence the mark in all that we do.

Financial stability. We always assure financial capability to support the services we have chosen to pursue.

Effective communication among ourselves, our constituencies and the public is essential to success. We work continually to upgrade our communications.

A high ethical standard. Not only do we hold ourselves to the letter but also to the spirit of the law in all tasks and relationships.

Inclusiveness. We are open to residents, clients, staff and volunteers without discrimination of any kind.

Respect for all whom we serve. We guard privacy, dignity, independence and safety to the best of our ability.

Responsiveness to those whom we serve and who serve with us. We provide opportunity for them to voice their concerns and make suggestions.

We provide opportunity for them to voice their concerns and make suggestions.

The necessity of innovation. We encourage everyone in the organization to take initiative, be creative and constantly improve.

Being a good neighbor. We cooperate in benefiting community welfare wherever we serve.

Dedicated staff and volunteers are the key to providing high quality and caring service. The chief responsibility of management is to help them succeed in their efforts.
